

Why NCR?

NCR Counterpoint relieves many time- and labor-intensive business management functions, so you can focus your attention where it really matters: your audience. You can ensure customer satisfaction while our comprehensive retail management system runs the behind-the-scenes processes.

NCR Counterpoint in Action

Our Promise to You

Our retail management system will revolutionize your business by making processes more organized, efficient and customized to your needs.

The NCR Counterpoint software includes comprehensive features built for the retail industry. Built on an open platform for superior flexibility, you can add supplementary modules through your dedicated partner, and even add specific features or 3rd party modules into your software, making it your own and making it work for you. Let us show you how NCR Counterpoint can enable performances that will bring down the house.

NCR continually improves products as new technologies and components become available. NCR, therefore, reserves the right to change specifications without prior notice.

All features, functions and operations described herein may not be marketed by NCR in all parts of the world. Consult your NCR representative or NCR office for the latest information.
